Autonautic Instrumental have 30 years experience in the design, manufacture and repair of magnetic compasses, clocks and chronometers and high quality weather instruments. Autonautic Instrumental can work closely with our customers to adapt their products, producing exclusive designs that reflect the customers branding and design requirements. The same high standards of construction that apply to Autonautic's SOLAS-MED accredited compasses are applied to the weather instruments that are used in their Weather Stations.
