

## Underwater Through Hull Light

<b>Operating Modes</b>	1 Off 2 Flashing (10 times per second) 3 Permanently ON
<b>Voltage</b>	Two versions 30 Watt switches on about 10V will operate on both 12 and 24 volt systems 60 Watt switches on about 20 V operates on 24V systems
<b>Internal protection</b>	Overheating protection (for example because boat is out of the water) unit switches off automatically to prevent damage. Reverse Polarity protected.
<b>Power Requirements</b>	2.2Amp max @13 VDC 2.6 Amp max @ 26 VDC
<b>Light</b>	High Intensity Watt LEDs (30 Watt = 3 LEDs, 60 Watt = 6 LEDs) Average life 10,000 hours
<b>Visible Arc</b>	180 degrees x 360 degrees
<b>Dimensions</b>	Thickness 14.8 mm Overall diameter 95.5 mm Mounting shaft diameter 18.0 mm
<b>IP Rating</b>	IP68
<b>Finish</b>	Chrome case, brass body
<b>Order Code</b>	30 Watt EPFB0001 60 Watt EPFB0002
<b>Fixing kit</b>	Included (O ring seal and two fixing nuts)
<b>Country of origin</b>	Italy, manufactured by SIC Divisione Elettronica s.r.l.
<b>Quality Standard</b>	ISO9001
<b>CE Marked</b>	✓
<b>RoHS</b>	✓

SIC Divisione Elettronica srl, founded in 1989 is one of the leading manufacturers of marine electronics, safety lights and components for fuel management systems in the commercial, leisure and defence markets. The company develops and manufactures customized and OEM products that comply with the norms of quality of ISO 9001 - VISION 2000.
